Comment : Please keep the 5 wpm code for at least the extra class license. In an emergency C.W. i a reliable way to communicate under any conditions and we need people trained to use it. It may be obsolete in your eyes, but after being a radio operator in the USAF, handling messages and doing so as a HAM Radio Operator, I can truly say you are going to loose a valuable resource in emergency communications if you don't keep trained people. We do it voluntarily and 5 WPM is not that hard for a really interested Ham Radio Operator. Thank You, Don Kramer, WA6UVW
